General issues

It is important for you to know that all participants have to register for the Conference. Details about the registration procedure will be given later.

If requested, the IASE is normally happy to give permission for authors to submit their papers (or a more comprehensive version) to other journals, such as Statistics Education Research Journal, Journal of Statistics Education, International Statistical Review or Teaching Statistics. If this occurs the author must seek approval of the editors of the ICOTS7 Proceedings and the IASE President. The paper must have an acknowledgement saying *"This article was written for, and published in, the ICOTS7 Proceedings and is reprinted (in revised form, if relevant) here with the permission of the IASE"*.
